Gentelmen, Good morning from Dayton Ohio. I am writing with regard to Bill Clintons anti trust laws he so valiantly defended on good conservitive busniness like Bill Gate at Micro soft. The Liberal Democrates seem to dislike any one or any corporate successes they dont like any one or any bussinesses being successful and getting ahead In life unless Its them. Leave the good companies alone let them function under the free enterprize of our great country, dont let the socialist Democrates keep ruining our lives. Thank you for you time. Merrill Clay a concerned American afraid of what Liberal Democrates are doing. Only you people can stop them
